25X1X On 29 June 1951, the last shipment of about 1,200 dischargees left Bad Freienwalde (N 53/V 28) aboard one train toward Frankfurt/Oder. [REDACTED] No incoming or outgoing personnel were observed in Bad Freienwalde prior to 6 July. [REDACTED] therefore concluded that the processing of dischargees there was completed. \*

25X1

25X1 25X1A \* [REDACTED] Comment. This is the seventh of the shipments of dischargees which left at intervals of four days. The train on which the dischargees rode was previously identified by [REDACTED] going to Insterburg via Kneestrin. [REDACTED] According to the figures supplied by [REDACTED] of the present report, the seventh shipment brings up the number of dischargees processed through Bad Freienwalde to 8,500 to 9,000 [REDACTED]

From 15 to 20 officers and several EM wearing red-bordered black epaulets were observed with the vehicles. After being unloaded, the vehicles left toward Bernau in convoy formation.
